Lost and Found

A week ago, or so we got a call from a Veteran who was homeless and had a Service Dog. He had gone through three tours of duty and found that he was all alone. He is in his mid-50's and his Service Dog has been with his for sixteen years. He said he and his dog (friend) had been tossed from place to place over the past year or so. He suffers from depression and told me, "I don't even know where I am anymore". Him and his dog were starving, and the Vet ate but the dog would not. I feel that the uncertainty that the dog felt over the past few weeks has taken its toll. The men at the shelter welcomed the Vet and his dog with open arms. We have a young man who was lacking fatherly influence and a Vet who needed purpose and God arranged it so they would meet. God is always working!

In the Hopper

Never
Stop
Learning

We will be starting some classes to help the men understand Living Skills like:

- Personal hygiene and why it is important
- Cooking and how to budget for it
- How to plan a Financial Budget for your current situation and for your future
- How to look for a job and how to interview for one
- How to Garden and what to do with what you grow.

The approach will be less on who they were and more what they can become. It is education in all form that will help these men grow into what God has intended them to be.
