### Looking Back

As I sit here reflecting over the last 12 months, I look at our successes and our failures, realizing that anytime you deal with humans, there's a huge gap between one and another. What causes a man to become homeless varies from man to man, sometimes we want to think that it's basically just a couple of reasons, but for the most part it's not so much what they go through, it's how they react to what they go through. All in all I am thankful that God found it fitting to allow me to see Him at work in all these men's lives and as I reflect back looking at all the times that I was so desperately trying to catch up with what God was trying to show me, that I felt like I would never really catch up. I think it's the reaching for God for guidance and for strength is what allowed me to get up in the morning. I look forward to the coming year; New Friends, New Photos, New Challenges, and New Opportunities to share the love of Christ with my fellow brothers and with this I would like to thank all our supporters for being part of this marvelous journey

### the Coming Season

We are going to continue to work with other area agencies and churches to better define what the homeless population looks like in our area and how to better serve them. God as given us Hope and with that He also gives us the Seeds of Hope. We have found over the years that a lack of Hope is far worse than a lack of food or a lack of shelter. So, we plan on doing a lot of planting.
