Being Blessed

Being a Good Stewart

Being Thankful

We are so grateful to the Food Bank of North Central Arkansas for their generous donations of produce, utility tools, and a new freezer. Earlier this year we began working with the Food Bank and have received food and other items that made it easier to feed the men and others who have stopped in hungry. Part of the items we received were two dehydrators, which allowed us to process fruits and vegetables from our garden, which has been very bountiful this year. We were blessed by watching one of our clients flourish through taking care of the gardening. We are blessed by your continued support in the Alpha House Ministry to reach and help homeless men, and yes God is good, and we are truly Blessed

We have been very busy the past few months with the COVID-19. We set up an entry station at the front door of the shelter so that anyone coming to the shelter that lives there will be able to take their temperature write it down and make sure they have fresh mask and hand sanitizers. Before any new clients are allowed in the shelter, they must have been tested for COVID-19 and if they have not already had the vaccination, they are required to have a COVID-19 vaccination before they are allowed to stay at the alpha house. We are also checking everybody's temperature once a day and logging it down in our logbook. We have set things up so that nobody that does not live in the shelter can go inside or can be on the shelter grounds and we hope that this will be able to be taken away once things get a little bit better in the area. please keep us in your prayers

As I look back over the past few months I begin to realize how thankful I am for the blessings that God has given us the wonderful faithful supporters of the shelter and all the people in the area that has taking care of us really for the past 20 years we know that God is the one that has set forth the foundation in which we walk and we are so very thankful for that and we pray for all the people out there that aren't as fortunate as we are that are really struggling during these times then we ask that God would shed some light over them and encourage them the way that he has encouraged us.

Please consider Alpha House when planning your Wills and Trusts
